

MODERN WAR

#45: THE DRAGON AND THE HERMIT KINGDOM

The Dragon and The Hermit Kingdom is a two player game that covers the hypothetical simulation of a second Korean War that could occur in the very near future. This game is a precursor to *The Dragon that Engulfed the Sun (Modern War #42)*. It simulates the war that would have occurred on the Korean peninsula just prior to that game's setting. *The Dragon that Engulfed the Sun* assumes that a Chinese victory had already occurred in Korea. This game, however, simulates the entirety of that preceding conflict, beginning with a supposed North Korean invasion of South Korea.
