

D-Day at Omaha Beach (Ziplock Update Kit)

D-Day at Omaha Beach recreates America's most bloody and heroic day of World War II. In this solitaire game from the designer of the solo classics *RAF* and *Ambush*, you control the forces of the US 1st and 29th Divisions landing under fire on the Normandy shore, and struggling desperately to establish a viable beachhead. This solitaire game is also great for two players playing cooperatively, each controlling one US division. US units include assault infantry, amphibious tanks, artillery, engineers and HQs. The game system controls the hidden German defenders in Widerstandsneest resistance points on the bluffs overlooking the beaches. US forces that manage to break through the deadly coastal defenses and reach the high ground must then contend with German mobile reinforcements in the bewildering hedgerows of Normandy's bocage. An innovative diceless combat system highlights unknown enemy deployments and the importance of utilizing the right weapons and tactics.

This is not a complete game. Must own previous version of game to play. ONLY includes new Mounted Game Board and updated Rules Booklet.
