The back of the Zuiho A6M should have Movement Factor of 4, front is correct.

### Rules

#### 9.1: Combat Procedure

##### Step 5 Surface Engagement Step

should read:

F: add base/coastal defense

**Add the following clarification to 8.1, 2nd bullet, 2) Important:** IJN TF when advancing (6.1.  an IJN TF may not move (advance through) an IJN Objective Space containing an US controlled base (i.e., the IJN TF may not advance further down the route).

11.0 should read phase not segment.

#### Player Aid Card: Land-Based Air Operations

2) Delete last sentence. There is no need to launch US LAC CAP over land bases. The Japanese cannot launch counterstrikes.

3) Should read Launch IJN LAC/NAC fighter units for CAP missions (6.1.5) in any IJN Island Base, IJN-controlled objective space, or spotted IJN TF. Only CAP missions apply, any other result is a no-launch.
